Date: October 30, 2015

FOR IMMEDIATE RELEASE

“Power to Hope” Christmas Dinner and Dance in Clarenville will support Cancer Patients and their Families

Clarenville, NL: Tickets for the 3rd Annual Power to Hope Christmas Dinner and Dance in Clarenville will be available online at www.cancercarefoundation.nl.ca at 9am Monday, November 2, 2015. The event, spearheaded by Power to Hope has raised a total of over \$25,000 since its inception in 2013.

Power to Hope was founded by Power Conditioning Inc. (PCI) owner and operator, Ryan Power. “Power Conditioning Inc., with locations in Clarenville and St. John’s, believes in the importance of giving back to our communities. You can see the impact that Power to Hope’s support has had on the lives of cancer patients and their families. Everyone involved is very happy to be able to help,” says Ryan Power, Power Conditioning. “We encourage those within our community to support this year’s Power to Hope Christmas Dinner and Dance – by purchasing tickets, donating auction items or by making a donation. In doing so you will be supporting cancer patients and their families across Newfoundland and Labrador.”

“Since the last Power to Hope Christmas Dinner and Dance, over 415 cancer patients facing financial difficulty have been assisted by our Patient and Family Support Fund with over \$138,000” says Gary Smith, Foundation Chairman. “Without partnerships with organizations like Power to Hope, we would be unable to help these cancer patients and their families with treatment-related expenses such as travel, meals, accommodations and the purchase of prostheses. We are delighted that the organizing committee has once again chosen to support local cancer care and help to relieve the financial burden of those who are faced with cancer treatment”.

The Dr. H. Bliss Murphy Cancer Care Foundation is a registered charity raising funds to support the Dr. H. Bliss Murphy Cancer Centre in St. John’s, Cancer Centres located in Gander, Grand Falls-Windsor and Corner Brook, along with chemotherapy delivery sites around Newfoundland and Labrador.
